| Creating Branch / Directorate | Performance Information Bureau |
| Date Created | 15/07/2010 |

This report uses LIVE DATA extracted from CRISMIS

Date Live Data was extracted:09/07/2010

Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.

In addition, the data in this report reflects live data on the MPS crime system, which may be subject to small changes over time

MPS FOIA Disclosure

**METROPOLITAN
POLICE**

Working together for a safer London

Richmond upon Thames SNT's regularly perform cycle marking at a variety of community events and locations and currently over 8000 bikes have been marked. The SNT also plan their patrols around the locations of reported crime and indeed in June, significant arrests were made of two individuals which are suspected of being involved in a number of bicycle thefts. The SNT crime priorities are decided by the community and reflect the crime concerns that community has. At the beginning of August 2010 two wards, Ham and North Richmond have theft of pedal cycle as a priority. Ward priorities and the actions being taken by each ward can be found on Met Website under, " We asked, you said, we did."

The Richmond Borough Safer Transport Team also do a lot of work around the borough's transport hubs to deter and prevent thefts. They undertake pro active operations targetted at bicycle thieves and their uniformed presence at rail stations is key deterrent.

Pan London, the Metropolitan Police Service has recently created The Cycle Task Force which is a dedicated unit to tackle cycle theft and improve cycle security across London.

Simon Rotherham
